Talal Alsebai

Software Engineer | Angular Developer

[Homs, Syria | +963947045918](#) | [talalalsebai2001@gmail.com](#) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Software Engineer specialized in building dynamic, responsive user interfaces using Angular (v16+) within MVC frameworks. Skilled in project management, critical thinking, and communication across Agile teams. Holds a strong foundation in Computer Engineering and modern web technologies. Focused on delivering scalable, maintainable front-end solutions that enhance user experience and business efficiency

CORE COMPETENCIES

- Frontend Development (Angular, TypeScript, JavaScript ES6+)
- Responsive UI & UX Design
- State Management (RxJS, Signals, learning NgRx)
- Version Control & Git Collaboration
- Project Management & Agile/Scrum
- Critical Thinking & Problem Solving
- Team Communication & Collaboration
- MVC Frameworks (Angular, ASP.NET familiarity)

EDUCATION

B.Sc. Information Technology Engineering (Software Development) – *Syrian Virtual University*
Expected Graduation: 2025

WORK EXPERIENCE & PROJECTS

Frontend Developer (Freelance / Personal Projects) | Remote | 2023–Present
- Built responsive and scalable web interfaces using Angular and TypeScript.
- Collaborated on Agile-based projects applying Scrum methodologies.
- Managed version control and deployment through Git and GitHub.
- Applied critical thinking to improve UI performance and maintainability.

School Management System | TypeScript & Object-Oriented Design | [Link](#)
Implemented CRUD operations, validation, and multilingual UI for student and teacher management using TypeScript

Souk Plus E-commerce Platform | [Link](#)
Developed a full e-commerce frontend using Angular and Angular Material. Implemented product dashboards, secure checkout, and responsive layouts.

Union Exam Portal | Darrebni Final Project | [Link](#)
Built a comprehensive platform supporting students in national exam preparation, using Angular and a modular structure for maintainability

CERTIFICATIONS

Frontend Web Developer | Darrebni Training Institute | **[View credential](#)**

TECHNICAL EXPERIENCE

Frontend: Angular (v16+), TypeScript, JavaScript (ES6+), HTML5, CSS3, RxJS, NgRx (Learning)
UI & Design: Angular Material, Bootstrap, PrimeNG, Figma (basic)
Backend & Databases: C#, SQL, Oracle
Tools & Workflow: Git, GitHub, VS Code, npm, CLI, REST APIs
Development Methods: Agile/Scrum, version control best practices

ADDITIONAL INFORMATION

Languages: Arabic (Native), English (Very Good)
Interests: Reading, Workout, Watching Football, Technology Innovation
